FROM DR. BIDDLE.

The Coming Presbyterian Synods.

Mr. Editor:—

I want to thank you for the full and complete notice in the Kentuckian of October 23, of the meetings of the two Presbyterian synods to be held in our city on next Tuesday. It is always very pleasant to a local pastor when the city press recognizes the importance and dignity of such religious gatherings in our midst. The only correction I would make at all in the notices of Tuesday last, is one which I am sure every kindhearted reader of your paper has already made, and that is with reference to the statement made by Mr. Williams, that "the present pastor; session and trustees of the Cumberland Presbyterian church of Hopkinsville refuse to permit the synod to hold the sessions in that church." This is very evidently a mistake, for the Cumberland Presbyterians never refuse their buildings to any evangelical denomination. And then, too, the Presbyterian synod never asked its officers for the use of their house; and why should they? They have a beautiful church of their own not a block away, and on the same street. Mr. Williams has made a mistake, or he has been unfortunately reported. I make this correction in simple justice to both churches. I trust that both bodies will have harmonious sessions. Our Cumberland Presbyterian synod bids fair to be the largest in the history of the church. Thanking you for this and other favors, I am, yours very sincerely,
A. C. BIDDLE, Pastor.

A SAM JONES STORY.

How He Compromised With His Wife the Morning After Marriage.

The best of all stories ever told by Sam Jones was that which brought him to a clear understanding with his wife the morning after they were married. He told it in a sermon, off-hand, and had every eye in the congregation moist. There had been a good deal of strife in some households, spats between husbands and wives, separations, divorces and other troubles. Sam said:

"I'm goin' to try to stop it. It's all nonsense. Maybe I can't get at you old fellows who have been nagging at your wives for many years, and been nagged back till you lost your manhood; but I'm goin' to say something for the young married folks and those who contemplate matrimony.

"You all recollect when me and Mrs. Jones got married. Most of you veterans were here that night, and ate of the wedding supper. We all had a good time. We stayed up late. The young folks danced and we looked on. By and by the midnight hour sent you all home, and Mrs. Jones and I went to bed. When I woke up next morning there she was sleeping like an angel alongside of me. She was beautiful to look upon as you all know. She's beautiful yet, God bless her. Beautiful in her love for me and our children, beautiful in her domesticity, beautiful in character. To have such a wife is the pinnacle of hope, the summit of happiness. To think of her is to praise God.

"I awoke her with a kiss and said: 'Mary, what is all that white stuff on the rocking chair? I never saw it before.'

"'Why, Sam, it's my clothes,' she replied, with a lovely blush. Then I pointed to another chair and said: 'And Mary, what are those things? They have a familiar look.' She answered:

"'Why, Sam, dear, those are your breeches. Why do you ask such silly questions?'

"'Because, Mary, I want to have a plain, clear, frank understanding with you. We have agreed to travel the long road of life side by side. There will be things for you to do and things for me to do. Let us make up our minds there shall be no conflicts on the journey. There are your laces and rickrack; there are my breeches. Mary, I want to ask you which you intend to wear during our life, the laces and the rickrack, or the breeches?' She didn't hesitate a moment, but said:

"'Sam, you wear the breeches; I'll stick to the laces and rickrack.'

THE CAFE.

Was In Fair Way to Be Destroyed By Fire.

The Cafe was discovered to be on fire somewhere yesterday morning. Officer Miller, who was passing the establishment a little before 1 o'clock caught the smell of smoke and called to the fire department. When they reached the place, it being too early for opening up, they telephoned Mr. Burrus, one of the proprietors, to come down at once and open the house as it was on fire. He told the fireman to break open the door and that he would be there as soon as he could dress. Mr. Hugh West, the other proprietor, was in his room on Main street and did not know anything of the trouble until Mr. Burrus ran up the stairway on his way down and awoke him.

There was no damage to amount to anything, as the firemen soon put out the blaze, which was in the cellar. As to how the fire originated is a mystery. Mr. Burrus says there was not anything in the cellar except a few banana crates and some syrups. He thinks rats got hold of matches, but it may have been set on fire. But as the outside cellar door was fastened so that no one could possibly enter, the whole thing is a mystery. Mr. West, who keeps the establishment open at night, says there was not the faintest odor of smoke when he closed at 12 o'clock.

THE NEW THEATRE.

Circulars Sent Out Calling For Stock Subscriptions.

The new theater question is still being agitated and the erection of a \$40,000 house of amusement may be the outcome of the first discussion, which was held at Hotel Latham some weeks since.

A circular, signed by a committee of leading citizens, was mailed to people known to be favorable to the enterprise, last Tuesday.

In its circular the committee points out the great need of a modern theatre which will be the cause of only first-class amusements coming here, and calls upon the citizens to make known how much they will subscribe. From the amounts pledged on the night of the first conference the committee thinks the new playhouse is almost a certainty.

KY. CROP REPORT.

Condition of Growing Crops, Prospects, Etc.

The month of September was very unfavorable for the preparation of ground for sowing wheat and oats, and other fall work is retarded. Heavy and continuous rains have delayed the cutting of corn, as also injuring its quality, causing it to rot to some extent. Tobacco has suffered from excessive moisture, and much of it which was housed has been damaged by house-burning, while that remaining on the scaffolds, or still uncut, reports indicate a poor quality and considerable loss in weight. In the Burley District the estimated yield compared to 1905 is 90 per cent., while the estimate of that housed to Oct. 1 is 77 per cent. of the crop. In the Dark Tobacco District the estimate of yield compared with 1905 is 80 per cent., and the figures show that the amount housed is 79 per cent. of the crop. The yield of corn over the entire State as compared with last year is very gratifying, being 107 per cent., but some of it will be inferior quality on account of lack of sunshine. Reports indicate that the acreage of ground prepared for wheat compared with 1905 is only 85 per cent. With favorable weather from now on there is time enough to increase the sowing of this crop materially.

Fall pastures are the best known for years, and all stock is in good condition. Very little disease is reported among animals except in one or two counties, where there is some complaint of hog cholera. Mules are bringing fancy prices. Sheep in good demand. Hogs are scarce.

There is a general complaint of a dearth of labor and high wages. In some localities it is almost impossible to obtain good hands at any price.

CHRISTIAN COUNTY.

Corn crop fine, but cutting has progressed slowly on account of frequent rains. Considerable wheat has been sown on ground plowed early. Some nice patches of alfalfa in this county looking splendid.

TWO SYNODS.

Gathering of Ministers and Elders Here Next Tuesday.

As previously announced the sessions of the United Presbyterian and Cumberland Presbyterian churches will be held in this city, beginning next Tuesday night at 7:30.

These meetings will be open to the public, and will no doubt be largely attended. On account of the union of the two churches, which has been opposed by a large number of Cumberlandians, and the fact that this synod, which meets in the first Presbyterian church, recognizes the union as already consummated, the public will naturally expect to learn something from the proceedings of the two bodies as to what the situation is today.

One of the most important meetings will be that of the Evangelistic Committee of the Presbyterian Church, U. S. A., to be held in the First church on Monday night. This committee consists of Dr. J. P. Colburn, of Pittsburg, Pa.; Dr. Landrith, of Nashville; Dr. J. L. Darby, of Evansville, and Dr. Joseph W. Cochran. The committee has nothing to do with either of the synods, but has only for its object the spread of the gospel, so far as we are informed.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant, of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhage of the lungs, and was near death, when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by R. C. Hardwick, druggist, 50c and \$1. Trial bottle free.

Boarders Wanted.

FOUND RELIEF BY TAKING PE-RU-NA

MRS. ANNA MUNDEN

There can be no doubt about it that the tendency to resort to surgical operations has been too great in the past and that this harmful tendency is growing less every day.

Experience has demonstrated that many ailments which seemed to require surgical operations in the past are now being cured by the use of harmless remedies. Peruna has done as much as any other remedy to establish this very important fact.

Thousands of people have been condemned to undergo surgical operations. Their physicians have told them that they must either submit to such operations or lose their lives.

After this they have resorted to Peruna and found relief.

Other good remedies have accomplished the same result, but it is safe to assume that no other remedy has equalled Peruna in its beneficent work.

Many of the alleged incurable derangements of the pelvis are dependent upon catarrh.

There is no cure for these except the removal of the catarrh.

Peruna seemingly works miracles in some of these cases. The explanation, however, is very simple. Peruna removes the catarrh and Nature does the rest.

Suffered Thirteen Years With Pelvic Troubles, Unable to Find Relief.

AN OPERATION ADVOCATED.

Pe-ru-na, Taken as a Last Resort, Brings Health and Strength.

ANNA MUNDEN, Brinkley, Ark., writes:

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs.

"The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your Peruna and bought one bottle and before I had taken it all I could get out of bed and walk about.

"After taking three bottles I was as well and hearty as ever.

"I gained in flesh. From 118 I increased to 186 pounds.

"If it had not been for your great and wonderful medicine, I would now be in my grave.

"I would advise all women sufferers to try it.

"I would not be without it for the world."

A WOMAN'S LETTER TO WOMEN.

Mrs. Caroline Kramer, Fort Collins, Col., writes:

"The majority of women who are suffering from disordered periods and other troubles, have such strong faith in doctors that they allow them to experiment on them for kidney, liver, or stomach troubles, until they become discouraged and their money is gone.

"This was my unfortunate experience for nearly two years, when my attention was called to Peruna.

"I hardly dared believe that at last I had found the right medicine, but as I kept on using it and was finally cured I could only thank God and take courage.

"I have had most satisfying results from the use of your medicine and have advised dozens of women who were suffering with woman's ills to use Peruna and let the doctors alone, and those who have followed my advice are better to-day and many are fully restored to health."

SATISFACTORY RESULTS FROM PE-RU-NA.

A Kentuckian in Florida.

Dade City, Fla., Oct. 21.

Editor Kentuckian:—

To those of your readers who contemplate visiting Florida this winter, I urge that they come by the 20th of November, as our State fair commences at Tampa on the 11th and lasts until the 29th of November. There will be \$20,000 given in premiums and it will be a source of surprise at the amount of the displays and the varieties of products. The railroads have given a \$20 round-trip rate from St. Louis and all points on the Ohio river. The country is prosperous and many people that come South this year may make it their permanent home.
